THE FARMERS' MARKET AT CATAWBA FARMS

We hope this finds you in good spirits, looking forward to a productive year. We know it's difficult to get to all the markets in the region, but if you have the means and would like to expand your business or are just starting out, we'd like to invite you to consider joining us for The Farmers' Market at Catawba Farms' 2017 season. It's held on Saturdays from 8:00am-12 noon.

The Farmers' Market at Catawba Farms provides an opportunity for you to sell your fresh produce and other commodities directly to consumers while providing those consumers the chance to support, purchase from, and interact with you in a lively, fun-filled, and attractive environment. Young and old enjoy the fact that the Market is held at a farm rather than in a parking lot. There are even small animals for the kids to enjoy in a safe environment.

The location has high visibility, easy access, plenty of parking, and lots of room to display your produce or work. Newton's only Farmers' Market is held under the open-air sheds on the grounds of the old Sigmon Farm, now known as Catawba Farms, 1670 Southwest Blvd (Business Rte 321) in Newton. More information and pictures are available at the website <http://market.catawbafarms.com>.
