North Carolina Department of Revenue requires vendors to obtain a certificate of registration to sell products not from their farm or reselling of items. Farmers selling their own farm products do not require registration, but they are required to provide a signed agreement stating they are omitted from the new regulation to keep on file with the Market Manager. If you are a vendor required to certify you must collect the appropriate tax and register with NCDOR. The Market Manager is still required to keep a daily registration list of vendors.
